

PUBLIC NOTICE

GERALD PLACE UTILITY UPGRADES

The City of Laramie has scheduled an infrastructure improvement project for Gerald Place. Upgrade of the utility lines within this area is planned for summer 2021.

Local traffic will be impacted. On-street parking may be limited, but access will be maintained for residents.

This opportunity for public comment takes the place of a public meeting as a precaution due to current COVID-19 concerns. Anyone interested in this project is encouraged to submit public comment. The City of Laramie and their project consultant, SolTerra Engineering, are available for questions and comments via the email address and phone number listed below.
