Re: Unit 376 Backhoe with Trade-In

Bids were received and opened on September 29, 2021 for the delivery of Unit 376 Backhoe with Trade-In for the Public Works Department, Utility Division. The bids were as follows:

**Honnen Equipment of Wyoming
Cheyenne, WY**

Base Bid: \$143,900.00 Trade-In: \$30,000.00 Alternate 1 Computer Diagnostic: \$5,700.00
Alternate 2 Hoe Mounted Jackhammer: \$18,500.00
Total Cost: \$138,100.00

**Wyoming Machinery Company
Cheyenne, WY**

Base Bid: \$142,950.00 Trade-in: \$25,500.00 Alternate 1 Computer Diagnostic: \$2,423.00
Alternate 2 Hoe Mounted Jackhammer: \$9,790.00
Total Cost: \$129,663.00

**Titan Machinery
Windsor, CO**

Base Bid: \$161,000.00 Trade-in: \$5,700.00 Alternate 1 Computer Diagnostic: \$2,400.00
Alternate 2 Hoe Mounted Jackhammer: \$10,900.00
Total Cost: \$168,600.00

The Honnen Equipment unit is a 2022 John Deere 310SLHL Backhoe with a delivery date of 275 days from Notice of Award. This unit meets all specifications.

The Wyoming Machine Company unit is a 2022 Caterpillar 420XE Backhoe with a delivery date of 260 days from Notice of Award. This unit uses a passive regen system and does not need the operator controlled regen. The warranty on this unit meets all specifications. Wyoming Machinery shortened the response time from 3 days to 24 hours.

The Titan Machinery unit is listed on the bid as the same as the trade-in. There was no other supporting documentation with it to clarify what year or model this unit would be. This bid had a delivery date of 120 days from receipt of Notice of Award.

I am recommending the City accept the Wyoming Machinery Company bid for a total amount of \$129,663.00 with the alternates that are needed for the Utility Division to perform their tasks.

Utility Division has \$130,598.00 budgeted for the purchase of this unit. The tamper alternate is not being considered with the award of this as it would put the unit over budget. Utilities has funding in their budget to cover the cost of the tamper with their operations budget.

Unit 376 is a 2008 John Deere 310SJ Backhoe with 4,800 hours and a life to date cost of \$16,367.87.

Please contact me if you have any questions regarding this bid.
