CEDAR STREET RECONSTRUCTION

CEDAR STREET FROM CLARK STREET TO W. HARNEY STREET

The City of Laramie is completing the design of the Cedar Street reconstruction project. The improvements will include full-depth pavement reconstruction; selective replacement of curb and gutter, sidewalk, driveway aprons, valley pans, and curb ramps.

Traffic will be impacted on Cedar Street from Clark to Harney. Access will be maintained on side streets. There should not be any disruption to water or sewer services with this project. It is the responsibility of the property owners to notify tenants in the project area of the upcoming construction.

Construction is currently planned for the summer and fall of 2022.
