The Accumulation of Points Assessment Process against a licensee occurs within a twelve (12) months period begins the first day of March through the last day of February in accordance with LMC 5.09.800. When completion of that process occurs each year, any points assessed against a licensee will be accumulated for consideration in the renewal period of May 8, 2026 through May 7, 2027.

Once a license holder has been convicted of a violation, then notice of right to a hearing and intent to assess points against the license is sent out to the license holder by the City Clerk in accordance with LMC 5.09.800.D.2. If no response is received by the City Clerk within 10 days, a notice of points assessed is sent. The date the points are assessed is the date used for submission to the Council.
