

**Agenda Item: Resolution**

**Title: Joint Resolution 2019-47 with Albany County and Rock River to Authorize the Submittal of an Application to the State Land Investment Board to Reallocate Unused Funds from the 2013/2014 Countywide Consensus Awards Made to the City of Laramie**

**Recommended Council MOTION:**

I move to approve Resolution 2019-47 authorizing the submittal of an application to the State Land and Investment Board to reallocate funds from the 2013/2014 Countywide Consensus Awards and authorize council members to sign the resolution.

---

**Administrative or Policy Goal:**

**City Council Goal C.** Maintain and Improve City Services to Residents.

**Milestone #2.** Council will adopt and Implement a Capital Spending Plan for Surface Water/Storm Water System Maintenance.

---

**Background:**

The 2013/2014 Countywide Consensus (CWC) funding to the City of Laramie by the State Land and Investment Board (SLIB) included funds for the B-Line Replacement – Garfield to Park streets. That project has been completed and CWC funds of \$179,113 were not expended. With the approval from SLIB and all three governing bodies in the County, SLIB allows for reallocation of funds to other qualifying projects. Albany County and Rock River were contacted by staff and staff prepared the resolution for their review and approval. The Council for Rock River approved the resolution at their June 3, 2019 meeting and the County Commissioners approved the resolution at their June 4, 2019 meeting.

The purpose of this resolution, therefore, is to authorize Laramie City Council to sign the resolution and staff to submit the resolution and application to SLIB to formally allow for the reallocation of funds for West Laramie Storm Water Improvement Projects. Applications to allow for the reallocation of already awarded CWC funds are due to SLIB at the end of June, and a decision will follow in early August 2019. If approved, the remaining \$179,113 from the B-Line Replacement award will be redirected to West Laramie Storm Water Improvement Projects.

---

**Legal/Statutory Authority:**

This is a qualifying project and the conversion of reallocation is allowable if approved by the State Loan and Investment Board.

---

**BUDGET/FISCAL INFORMATION:**

**REVENUE**

| Source                   | Amount       | Type                    |
|--------------------------|--------------|-------------------------|
| Fees/Charges for Service |              |                         |
| Grants for Projects      | \$179,113.00 | CWC 13/14 re-allocation |
| Loans on Project         |              |                         |
| Other                    |              |                         |
| Total                    | \$179,113.00 |                         |
