Subject: RE: 22nd St & Reynolds St Open House Follow-Up

Follow Up Flag: Follow up
Flag Status: Flagged

Good Morning,

This is a great endeavor to protect our students. I am sure there are some complaints about removing the parking, but so many times students will dart out between cars to cross Reynolds Street and 22nd street. I think this removal is a great safety precaution.

Kind Regards,
Randy

Subject: 22nd St & Reynolds St Open House Follow-Up

Hello,

You are receiving this email because you attended the open house for the 22nd St & Reynolds St signal design project. If you did not have a chance to write down a comment regarding the design options presented, we will be accepting comments until the end of the day Wednesday November 27. You may either send them to the engineering@cityoflaramie.org email address, or drop off a physical copy of your comment on the second floor of the annex building (405 Grand Ave). I've attached the two options presented at the meeting for your reference. Thank you for stopping by and giving your input!
