

**Working Group for Police & Community - Group Memory  
Meeting September 2, 2021**

**Meeting Goal:** The primary purpose of this meeting was to discuss how the Laramie Police Department builds community relationships and maintains community presence.

**Co-Chair Welcome:** The session began with welcoming remarks from the committee co-chairs. The co-chairs discussed their collaboration efforts and desire to work together to advance the committee's mission.

**Process Questions:** The facilitators then fielded questions regarding the committee's process, specifically questions about the purpose of individual meetings with the facilitators.

**Remarks on Current Practices:** Representatives from the Laramie Police Department provided a list of community partnerships, police department initiatives to build community relationships, and the ways personnel are involved in the community (see attached). This list was introduced and explained to the committee by representatives of the Laramie Police Department.

**Questions Regarding Current Practices:** The committee had an opportunity to ask questions and make remarks about the current practices. Questions and comments touched on issues such as outreach to marginalized communities, community perception of the success of outreach activities, potential research collaborations to assess outreach programs, feedback mechanisms for communication with the community, and data collection.
