Air Inflated Membrane Structure Permit Application Procedures.

A permit is required from the City of Laramie Fire Department, Life Safety and Fire Prevention Division for a tent, air inflated structure, air supported structure or canopy 400 square feet or larger.

Permit Procedures.

1. First you must apply for a Laramie Fire Department/Life Safety and Fire Prevention Division permit using the "Tent/Inflatable Permit Application." Include the following;
 - A.) Plot plan for inflatable site. Include proximity to surrounding structures.
 - B.) Method for securing the inflatable structure.
 - C.) Power supply for the blower.
 - D.) Provide certification of flame resistance for the inflatable structure.
2. All requirements designated by the Fire Marshal or designee will be outlined in the permit and shall be strictly adhered to by the permit holder/responsible parties.

Permit applications must be received **10 business days** prior to the date of the event. Applications received less than 10 days prior to the event *may* not be processed and no permit issued.

Permit must be displayed at the location of the inflatable during the entire time the inflatable is to be used.

Inflatable structure guidelines are set by 2015 International Fire Code, Chapter 31; "Tents and other Membrane Structures."
