The City of Laramie provides this information to help License Holders comply with the State of Wyoming's public health order.

March 20, 2020

Dear Liquor License Holder,

We have received many questions regarding the service of alcohol for curbside delivery, presumably generated by the Statewide Public Health order. While questions about that order should be directed to the County or State health authorities, we can provide this information about general restrictions on off-premises activities.

Type of license:

Restaurant, Bar & Grill, and Club Liquor Licenses and Special Malt Beverage Permits:

These licensees/permittees are only allowed to sell for on premise consumption on the licensed/permitted premises, and are never allowed to serve/sell alcoholic or malt beverages off premises.

Microbrewery and Winery Permits:

These permits may sell their product only for off premise personal consumption within the limits in WY § Title 12. *(Malt beverage permits to microbreweries are limited to 12 per calendar year.)*

Resort Licenses:

These licenses are allowed to serve and sell off premise with obtaining an alcohol catering permit. *(Alcohol catering permits are limited to no more than 36 times per location per calendar year.)*

Retail Licenses:

These licenses are allowed to sell alcoholic and malt beverage for off premise personal consumption. *(Alcohol catering permits are limited to no more than 36 times per location per calendar year.)*

General restrictions that apply in all circumstances: the point of sale of alcoholic or malt beverages must occur on the licensed/permitted premises. All allowable sales for off premises consumption must be in sealed containers. No exchange of cash, check, or other monies can be made at a curbside or other location unless an alcoholic or malt beverage permits has been issued for a specific event.

Please let us know if you have any additional questions, as we remind you that violations of City and State liquor rules can have serious adverse consequences for you license.

We also know that violations of the State or County health order may result in criminal penalties but, since we do not administer those orders, we ask you direct questions about those orders to the proper authorities.

Thank you,

Nancy Bartholomew
City Clerk

Robert Southard
City Attorney
