Integrity, Teamwork, and Stewardship**

Issue Date: March 30, 2022

The City of Laramie Administrative Services Department published this report. Please feel free to contact (307) 721-5224 or jwade@cityoflaramie.org with questions.

Introduction

This financial report is prepared on the budgetary basis of accounting using a current financial resources measurement focus, which approximates the basis and measurement focus used to prepare governmental fund statements for the Comprehensive Annual Financial Report (CAFR). These conventions are used for internal reporting purposes so that the reported activity aligns with budgeted revenue and expenditures. The City of Laramie accounts for financial transactions in accordance with generally accepted accounting principles (GAAP) promulgated by the Governmental Accounting Standards Board and issues its CAFR in line with these principles. For more information about governmental GAAP, please see the Note 1 – Summary of Significant Accounting Policies in the FY 2020 CAFR *Notes to the Basic Financial Statements*.

Fund Accounting - Overview

One of the distinguishing characteristics of governmental accounting is its use of funds. A fund is a separate accounting entity for which financial activity and position are recorded. Funds have their own assets, liabilities, fund balance or net position (equity), revenue, and expenditures/expenses. Funds are not co-mingled, and transactions between them must be recognized. Funds represent accounting entities, not separate bank accounts. Funds are separated in three primary types: governmental, proprietary, and fiduciary.

Governmental funds account for activities primarily supported by taxes, grants, and other similar revenue sources, while proprietary funds account for activities that receive significant support from user fees and charges. Fiduciary funds account for resources that a government holds as a trustee or in an agency capacity on behalf of an outside party and that cannot be used to support the government's own programs.

Reported Funds

The City's operating funds are the focus of this financial report. The governmental funds for which reports are included are the General Fund, which is the City's primary operating fund, as well as the Recreation Center, E-911, and Economic Development special revenue Funds. The E-911 Fund and Economic Development Fund are reported in total with the General Fund. Reports are included for each of the City's Enterprise Funds, including the Water Fund, the Wastewater Fund, and the Solid Waste Fund. These Funds represent the City's business-type activities that are primarily supported by user fees.

Seasonal Budget Performance Targets

Reviewing actual performance in comparison to the budget is important for a governmental entity. Expenditures are "funded" (i.e. covered by forecasted revenue or available fund balance) during the annual budget preparation or amendment cycle. Actual activity during the year that varies from budgeted amounts impacts fund balance in a positive (revenues greater than budget or expenditures less than budget) or negative (revenue less than budget or expenditures greater than budget) way. Budget amendments without a revenue offset have a negative effect on fund balance. The City of Laramie is required to have a balanced budget, which means that forecasted revenue and available fund balance must cover budgeted expenditures.

Seasonal budget targets have been established to set benchmarks for the percent of the revenue budget that should be collected and the percent of the expenditure budget that should be spent at the end of each month. In general, these seasonal targets were generated by taking the sum of the past three years of actual revenue or expenditures that occurred to date through the end of month divided by the sum of the past three years of total actual revenue or expenditures for the fiscal year. Any exceptions to this formula are noted. All graphical illustrations present cumulative, rather than monthly, totals.

General Fund, Economic Development Fund, and E911 Funds

February 28, 2022

This statement shows activity for the General Fund and the Economic Development and E911 special revenue funds. The General Fund is the City's major operating fund and it is used to account for many services, including Public Safety, Parks and Recreation, Public Works Administration and Streets, Legal Services and the Municipal Court, Community Development, and General Administration (City Manager, Finance, HR, Information Technology).

SALES AND USE TAX REVENUE

Sales and Use taxes constitute about 36% of the General Fund, Economic Development Fund, and E911 Fund revenue budget. This category includes both the 4th and 5th cent tax distributions. Sales and use tax revenue received to date is 6.44% below the previous fiscal year, and 39.26% above the budget target. Revenues from online retail have grown by 8.71%. Notably, in the prior year, there were significant county collections for a wind energy development project. These collections were not expected to be on-going, and the City is seeing the decline it expected in the other services sector (-80.75%).

AUTO AND PROPERTY TAXES

Auto and property taxes are highly seasonal revenue sources, given that property tax comprises most this category and these taxes are due in December and May. These revenue sources amount to approximately 9% of the revenue budget for the reported funds. Auto and Property tax collections are 6.82% higher than last fiscal year, and 20.32% higher than the budget target.

INTERGOVERNMENTAL REVENUE

Most revenue (around 50%) budgeted in the intergovernmental revenue category comes from the state direct distribution. This category also includes certain taxes, grants, and other intergovernmental sources. The second largest revenue source in this category is grant awards. Intergovernmental revenue makes up about 26% of the General Fund, Economic Development Fund, and E911 Fund revenue budget. The FY 2022 direct distribution is estimated at \$3.2 million – a decline from FY 2021 to plan for possible legislative reduction. In the prior fiscal year, CARES and ARPA funding was included in intergovernmental revenue. FY 2021 ARPA funding has been allocated based on the Council’s September 21, 2021 resolution.

Variation to budget and prior year actuals is common in this category, as grant receipts are based on the timing of projects or service delivery. However, there is consistency in state shared revenue receipts, like the direct distribution.

FRANCHISE TAX

Franchise taxes are paid by electricity, gas, telephone, and cable television in accordance with franchise agreements. Franchise tax revenue comprises about 6% of the General Fund, Economic Development Fund, and E911 Fund revenue budget. Franchise tax revenues are 9.66% higher than last fiscal year and 1.56% higher than the budget target.

CHARGES FOR SERVICE

General Fund charges for services comprise about 6% of the revenue budget for the General Fund, Economic Development Fund, and E911 Fund. Code Administration (building permits, plan review fees, and misc. licenses) generates the largest portion of charges for service revenue, followed by recreation, and mosquito control fees.

Jun	1,838,912	-	1,778,920	-100.00%	-100.00%

To date, charges for services revenue is 17.75% above the prior year revenue to date and 9.59% above the revenue target. There tends to be normal variation in this category due to the cyclical nature of development (plan review fees and building permits). However, plan review and building permit fees are about the same as last year. The growth from last year is due to increases in parks and recreation and public safety user fees, which are starting to rebound from early pandemic levels.

FINES AND FORFEITURES

Fines and forfeitures total about 2% of the General Fund revenue budget. These amounts arise from court fines, parking fines, and court costs. Fine amounts are set in accordance with the bond schedule. Fines and forfeitures are 41.54% above the prior year revenue to date and 25.83% above the revenue target. A significant portion of this variance is due to a one-time adjustment for bond forfeitures, which was necessary as Municipal Court staff clean up data in preparation for new software. However, court fines have also started to rebound from pandemic levels – they have increased around \$29,000, or 13%, this year.

SEVERANCE TAX AND MINERAL ROYALTIES

These taxes are levied by the State on the extraction of oil, gas, and minerals. The City receives quarterly distributions of its share in these taxes, which total about 7% of the General Fund, Economic Development Fund, and E911 Fund revenue budget. Distributions of these taxes are received quarterly, starting in October. The City has received two quarterly distributions to date, which is in line with the budgetary target.

Expenditures - General Fund, Economic Development Fund, and E911 Fund

Total Expenditures to Date

Total expenditures for the General Fund, Economic Development Fund, and E911 fund are 12.93% above FY 2021 totals. Aside from operating variances discussed below, an increase in the capital project support transfer to the Capital Construction Fund, along with normal capital expenditure variation, is causing the change from last year.

**General, Economic Development, and E911 Fund
Operating Expenditure Trends**

Operating expenditures for the General Fund, Economic Development Fund, and E911 Fund are higher than the previous year (+2.97%) but are 14.58% below the budget target. It is expected that expenses exceed last year's to-date totals, as a spending freeze was in effect through fall 2020. There has been growth in personnel expenditures (+6.25%) and contractual services (+12.62%). A large portion of the personnel expenditure variance is due to stipends awarded by the City Manager in October; budgeted funds were used for the stipend payment.

Revenue – Recreation Center Fund

Revenue in the Recreation Center Fund comes primarily from admissions and other user fees. Revenue sources also include Albany County Recreation Board mill funding and the General Fund support transfer. The budgeted support transfer for FY 2022 is \$1.3 million, as compared to a normal transfer of between \$300-500 thousand. In FY 2021, the support transfer was increased to \$1.5 million. The City expects recovery to pre-pandemic revenue to take one to two years, and additional General Fund resources are necessary to backfill lost revenue.

Total Outside Revenue to Date (excludes support transfer)

The Recreation Center’s total externally generated revenue is up 45.03% compared to the prior year and is 19.00% above the revenue budget target due to variances in admissions revenue.

Expenditures – Recreation Center Fund

Total Expenditures to Date

Total expenditures for the Recreation Center are 8.63% below the prior year’s totals to date and 29.82% below the seasonal budget target. Most of this variance is due to reduced capital expenditures in the current period. However, there has been an 5.28% increase in the current year for personnel expenditures, most of which is attributable to the stipend awarded by the City Manager in October. Budgeted funds were used for the stipend payment.

INTERGOVERNMENTAL REVENUE

Intergovernmental revenue in the Water Fund consists of capital project related grants and loans. In FY 2022, \$12.4M is budgeted in this revenue category, which represents 57% of the Water Fund revenue budget. The percent to total revenue is artificially high in the current year due to the size of the North Side Tank project, which accounts for most budgeted revenue. WWDC and SLIB are major funding sources for this project.

Expenditures – Water Fund

Total Expenditures to Date

In FY 2022, total expenditures to date are 73.04% higher than the previous year due to both operating and capital variances; however, most of the change is related to capital expenditures. To date, the Water Fund has expended \$3.47M (+195%) more than the previous year for capital-related costs - \$2.2M of this was for capital support transfers.
